PUBLIC HEALTH REPORTS

For the

BOROUGH OF NEWARK
NEWARK RURAL DISTRICT
SOUTHWELL RURAL DISTRICT

BY

F.S. ROGERS, M.B., Ch.B., D.P.H.
The Medical Officer of Health for the Area

Reports of Public Health Inspectors appended

Tel: Newark 3255 and 2508

Public Health Department,
The Friary,
Appleton Gate,
Newark.

17th October, 1972.

To the Mayor, Aldermen and Councillors of the Borough of Newark,
Chairman and Councillors of the Newark Rural District, Chairman and
Councillors of the Southwell Rural District.

I have pleasure in presenting my Annual Report for the respective Councils
for 1971.

The report was compiled at my office and printed at the Southwell District
Offices and I am grateful to all staff for their efforts involved in this work.

Slow progress was made during the year regarding the projects mentioned
in last year's foreword.

I am grateful to all Members and Staff for their co-operation throughout
the year.

Yours sincerely,

F.S. ROGERS

Medical Officer of Health.

MATERNAL MORTALITY Nil

COMPARATIVE FIGURES

	<u>Newark</u> <u>Borough</u>	<u>England and</u> <u>Wales</u>
Live Birth Rate per 1,000 population	16.7	16.0
Still Birth Rate per 1,000 (live and still) Births	2.0	12.0
Death Rate per 1,000 population	14.0	11.6
Infantile Mortality Rate (per 1,000 live births)	27.0	18.0
Neo-Natal Mortality Rate (per 1,000 live births)	20.0	12.0

Notes on Vital Statistics

POPULATION The Registrar General's estimated population increased by 20 during the year to the new figure of 24,540.

BIRTHS Decreased by 31 during the year to the new figure of 406.

ILLEGITIMATE BIRTHS The figure of 35 is 2 more than last year.

Birth Rates for the past 10 years:

<u>Year</u>	<u>Birth Rate</u>	<u>Year</u>	<u>Birth Rate</u>
1962	19.5	1967	18.8
1963	17.9	1968	18.1
1964	18.6	1969	18.2
1965	16.0	1970	18.0
1966	16.5	1971	16.7

Illegitimate Births for the past 10 years:

1962	28	1967	45
1963	36	1968	43
1964	32	1969	37
1965	32	1970	33
1966	33	1971	35

DEATHS The number of deaths registered was 344 a decrease of 24 compared with 1970 and the death rate of 14.0 is 2.4 above the national average.

Causes of death are given in the table at the end of the notes

INFANT MORTALITY 1971

Cause of Death	Under 1 week	1 week + to 4 weeks	4 weeks + to 1 year
Prematurity	3	-	-
Congenital Defects	1	-	1
Other	3	-	3

POPULATION

The natural increase in population i.e. the excess of births over deaths was

<u>Year</u>	<u>Natural Increase</u>	<u>Year</u>	<u>Natural Increase</u>
1962	169	1967	181
1963	146	1968	131
1964	170	1969	139
1965	69	1970	69
1966	98	1971	62

INFECTIOUS DISEASE

There were 19 cases of infectious disease notified during the year.

" Thursday, 2 to 4.30 p.m. No M.O. in attendance.

Ante-natal Clinic

Weekly, Monday 2 to 4.30 p.m. No M.O. Midwives Clinic.

School Clinic

Weekly, Friday 9.30 a.m. to 12.00 noon. M.O. attends 9.30 to
10.45 a.m.

Cervical Cytology

Weekly, Tuesday 6.00 p.m. to 7.30 p.m.

Eton Avenue, Hawtonville

2. Child Health

Weekly, Monday 2.00 to 4.30 p.m. M.O. fortnightly.

School Clinic

Weekly, Friday 9.30 a.m. to 12.00 noon. M.O. attends 11.00 a.m.
to 12.00

Information supplied by other Departments relevant
to the Health of the District

DRAINAGE AND SEWERAGE

No large additions to the sewerage system was undertaken but minor improvements to old parts were completed. The problem of trade effluent being discharged into the Mill Race, River Trent, has been stopped by means of sewer pipe alterations in Mill Gate.

In the past year Contract works were commenced with reconstruction of old and badly jointed sewers in the William Street, New Street and Whitfield Street area. Estimated cost of project is approximately £14,000.

As regards the Sewage Disposal Works satisfactory reports have been received from the Analyst on final effluent samples.

PUBLIC CLEANSING

There has been no change in the method of collection of refuse.

The new site and pulveriser envisaged in my report last year, is proceeding very very slowly, but I understand, at the time of writing (August 1971) only very minor matters are outstanding before the plant becomes operational.

WATER

The water supply within the area has been generally satisfactory, both in quality and quantity.

HOUSING

Houses erected during the year:-

By Local Authority	Nil
By Private Enterprise	69

The number of houses improved with the aid of grants:

(a) by Standard Grants	80
(b) by Improvement Grants	14

The following information on the housing position within the Borough has been supplied by the Housing Manager:

Waiting List

	<u>1971</u>
Families living in the Borough	125
Families living in rooms outside the Borough	39
Tenants within the Borough	235
Tenants outside the Borough	91

Making etc. cleaning and washing						

The Remainder Nil.

During 1971 the Department was able to make up to some extent for the lack of progress during 1970 when Mr. Clarke's illness resulted in a considerable reduction in the work carried out. It was however, a shock to the members of the staff when in the early part of 1971 Mr. Clarke was taken ill whilst on his way home from work and died on the following day. During his eleven years service with the Council, Mr. Clarke had been responsible for carrying out meat inspection at the Abattoir, and this was a task he had performed diligently and with great expertise, he had also given advice and instruction to a number of students over the years. We miss his quiet humour and his wide experience of meat inspection.

During the year we welcomed two new members to the Department, Mr. Ken Burke joined us at the end of June to be responsible for Meat Inspection at the Abattoir, and Mr. Derek Dunn joined as a pupil health Inspector.

Housing and Public Health

There was an increase in the number of complaints from 265 to 387 and these were investigated promptly. Demolition and Closing Orders were made in respect of 26 houses and 8 houses were demolished. At the end of the year steps were in hand to deal with 26 houses in Tolney Lane by means of a Clearance Order. It is inevitable that houses which have reached a stage when further repair or renewal would be unpracticable and uneconomic should be cleared but it is also reasonable and proper to preserve and improve the remaining housing stock. With this object in mind Officers of the Department, together with members of other departments met to consider the Improvement of William Street and Whitfield Street area - and this area was declared a General Improvement Area under the Housing Act 1969 - The first of a series one hopes!

Atmospheric Pollution

Complaints from this source have been a few in number and a total of 10 visits were made for the purpose. The problem is still that of domestic smoke rather than smoke from industry. Steady progress is being made by installation of smokeless fuel installations in domestic premises and the advantages are seen slowly but surely. From time to time nuisances occur as the result of burning old motor cars, rubber tyres disused cables and from garden bonfires, and warnings have been given as to the possible consequences following creation of such nuisances.

Food and Drug Inspection

There are 257 premises in the Borough concerned with the handling and sale of food. Frequent and regular inspections of such premises are necessary in order to see that desirable standards are maintained so far as the hygienic construction of the premises is concerned and to ensure that food handlers are aware of their responsibilities in this direction. A meat inspector is employed full time at the Newark Abattoir in order to carry out detailed inspection of carcasses. Details of the numbers involved are given in the table.

During the year 27 complaints were made to the department in connection with articles of food. Most complaints concerned mould in food or foreign bodies in food. All complaints were thoroughly investigated and enquiries made of purchasers, retailers, manufacturers and importers.

Amongst the conditions complained of were, a piece of wire in a cream biscuit, a rubber ring in a cake and maggots in bacon.

A summary of the complaints is appended. Legal proceedings were taken against a company for selling bacon found to contain maggots, and this resulted in a fine of £50.00.

In this connection I would like to point out two matters which probably result in a number of complaints. Mould is difficult to avoid during the humid summer months, and confectionery, sausages and similar goods must have a rapid turnover in accordance with manufacturers advice.

Secondly, far too many retailers have an almost touching faith in refrigerators. Some appear to regard the "fridge" with the same faith as the Savings Bank and expect food to keep almost as long. Others use the "fridge" as a general storage unit for a host of other extras. Refrigeration is a wonderful addition to modern living and trading, but refrigerators must be used intelligently, correct temperatures maintained and the cabinet needs frequent inspection.

Total Complaints	Moulds	Foreign Bodies	Unsoundness	Others
27	8	13	1	3

Rodent Control

This work has been continued through the year. All complaints have been attended to promptly and the necessary treatment carried out. A number of commercial and industrial premises are treated under contract and this is of considerable help in maintaining control. Test baiting of sewers has not revealed any serious problems in that area. In general one would think that it would be feasible to establish a rat-free area in the town and if this could be done, then it would indeed be a milestone in Public Health in Newark.

In conclusion, I would like to express my appreciation of the support of the members of the Committee, the Medical Officer of Health and my colleagues in this and other departments of the authority.

J. TAYLOR

Chief Public Health Inspector.

Neo-Natal Mortality Rate (per 1,000 live births)		14.0	12.0

Notes on Vital Statistics

POPULATION The Registrar General's estimated population was 57,720 as against 56,660 an increase of 1,060.

BIRTHS The number of births registered was 1,010 an increase of 37 on the 1970 figure. The birth rate increased by 0.3 compared with 1970.

BIRTH RATES for the past 10 years:-

<u>Year</u>	<u>Birth Rate</u>	<u>Year</u>	<u>Birth Rate</u>
1962	19.8	1967	17.8
1963	19.6	1968	17.2
1964	17.9	1969	16.6
1965	18.4	1970	16.2
1966	18.1	1971	16.5

ILLEGITIMATE BIRTHS 74 births were registered as against 53 last year.

ILLEGITIMATE BIRTHS for the past 10 years

1962	35	1967	54
1963	41	1968	57
1964	40	1969	67
1965	52	1970	53
1966	52	1971	74

DEATHS The number of deaths registered was 523 a decrease of 11 on the previous year.

MATERNAL MORTALITY

There was one death during the year - due to Post-partum Haemorrhage

INFANT MORTALITY

There were 17 deaths during the year compared with 16 in 1970.

<u>Cause of death</u>	<u>Under 1 week</u>	<u>1 week + to 4 weeks</u>	<u>4 weeks + to 1 year</u>
Prematurity	9	-	-
Congenital Defects	2	-	-
Other	2	-	4

POPULATION

The natural increase in population i.e. the number of births in excess of number of deaths, during the last ten years is shown in the following table.

<u>Year</u>	<u>Natural Increase</u>	<u>Year</u>	<u>Natural Increase</u>
1962	467	1967	494
1963	498	1968	438
1964	459	1969	436
1965	479	1970	439
1966	454	1971	487

INFECTIOUS DISEASE

227 cases of infectious disease were notified during the year. Of these 288 were cases of Infective Hepatitis.

CAUSES OF DEATH AT DIFFERENT PERIOD OF LIFE DURING 1971

2 Discretionary	39	25

COUNTY COUNCIL SERVICES

The following information relating to the personal health (County Council) services within the District has kindly been supplied by the County Medical Officer:

County Health Clinics

The County Health Clinics in the District are maintained by the County Council. These are set out below:

Child Health

Bilthorpe, Village Hall	Weekly, Thursday 9.30 - 12.00 noon	M.O. Monthly
Blidworth, Branch Library	Weekly, Thursday 2.00 - 4.30 p.m.	M.O. Monthly
Clipstone, First Avenue	Weekly, Friday 2.00 - 4.30 p.m.	M.O. Monthly
Edwinstowe, Health Centre	Weekly, Tuesday 2.00 - 4.30 p.m.	M.O. Weekly
Farnsfield, Dr. Roffe's Surgery, Station Lane,	Fortnightly, Friday 2.00 - 4.30 p.m.	M.O. Monthly
Lowdham, The Institute	Weekly, Friday 2.00 - 4.30 p.m.	M.O. Monthly
North Muskham, Methodist Schoolroom -	Fortnightly, Wednesday - 2.00 - 4.30 p.m.	No. M.O.
Ollerton, Church Circle	Weekly, Wednesday 2.00 - 4.30 p.m.	M.O. Fortnightly
Ollerton, Church Circle	Weekly, Friday 2.00 - 4.30 p.m.	M.O. Fortnightly
Rainworth, Methodist Chapel	Weekly, Tuesday 2.00 - 4.30 p.m.	M.O. Monthly
Rainworth, Methodist Chapel	Weekly, Wednesday 2.00-4.30 p.m.	No. M.O.
Ravenshead, Health Centre, Milton Crescent -		M.O.
	Weekly Tuesday 2.00 - 4.30 p.m.	Fortnightly
Southwell, Doctors' Surgery, Burgage Lane		
	Weekly, Thursday 2.00 - 4.30 p.m.	No. M.O.
Sutton-on-Trent, Methodist Community Centre		M.O.
	Fortnightly, Tuesday 2.00-4.30 p.m.	6 weekly
Tuxford, Old Grammar School	Weekly, Monday 2.00 - 4.30 p.m.	M.O. 6 weekly

CERVICAL CYTOLOGY

Ollerton, Church Circle	Weekly, Tuesday	2.00 to 4.00 p.m.
Newark, Friary Clinic	Weekly, Tuesday	6.00 to 7.30 p.m.

SCHOOL CLINICS

Bilsthorpe, Village Hall	Fortnightly, Tuesday 9.30 - 12.00 noon. No M.O. in attendance.
Ollerton, Church Circle	Fortnightly, Tuesday 9.30 - 12.00 noon. No M.O. in attendance.
Scutwell, Dr.'s Surgery, Burgage Lane,	Monthly, Thursday 9.30 to 12.00 noon M.O. in attendance.

WATER SUPPLY

All fifty-five parishes in the Rural District are supplied with a good wholesome supply of piped water. Most dwellings in the district are connected to a mains supply. Odd houses still depend on standpipes.

Average consumption during the year - Domestic 31.18 galls.per head per day
- Trade 14.14 galls.per head per day

Samples have been satisfactory during 1971.

The water supply of the district is provided by the Central Nottinghamshire Water Board.

Public Swimming Baths

There are swimming baths at Southwell, the Scout Camp, Walesby and the Dukeries Comprehensive School, Ollerton.

Drainage and Sewerage

The Walesby Sewerage Scheme and Pumping Station were brought into commission in 1971.

Public Cleansing

No basic variations. The Council carried out a highly successful "anti-litter" campaign in July 1971 to coincide with 'National No Litter Week' sponsored by the "Keep Britain Tidy Group".

MEAT INSPECTION

There continues to be a 100% Meat Inspection in the Southwell Rural District. A total of 33,854 carcasses were inspected during 1971. Of these, 4522 were cattle, 178 calves, 16,190 pigs and 12,964 sheep and lambs.

The number of licenced slaughterhouses remains at six. The throughput of the two largest of these, continues to show an increase.

1971 is the first complete year, that the department has employed a full-time Meat Inspector, Mr. Bennett who divides his time between the two largest slaughterhouses.

Knackers Yards

There are two licenced Knackers' Yards in the Rural District, one of these is used in connection with Hunt Kennels.

The premises were kept in a satisfactory condition during the year.

Food Hygiene Regulations

All public houses in the area were visited with particular reference to the re-circulation of beer overspill. Where this was the practice the mains pumps have been replaced by automatic dispensers which eliminate overspill.

Air Pollution

Although this is a "White" area, Ministry approval has been obtained for a proposed smoke control programme in the mining villages, where domestic smoke is heavier than normal. Work has already commenced on the first of these - Clipstone.

Slaughter of Animals Act 1933 and 1951

The total number of licenced slaughtermen in the Rural District was 28 at the end of 1971.

Game Act 1831

One new Game Dealers licence was issued in 1971 and five licences were renewed.

Poultry Inspection

Works outstanding from 1970 at the Poultry Packing Plant at Bilsthorpe were completed, resulting in a rise in the standard of hygiene.

More routine visits were made, and substantial improvement in the general operational procedures was discernable.

Some concern was aroused, when the addition of polyphosphates into the carcasses was discovered. This was immediately notified to the Department of Health. One plant processed 3,512,000 - Number destroyed 54,148.

Miscellaneous Food Complaints Investigated

Sale of :

1. Discoloured dough in bread-loaf
2. Sour tasting tinned rice-pudding
3. Wasp in jar of jam
4. Insect in sausage
5. Piece of glass found in jam, manufactured abroad
6. Mould in skinless sausage
7. Woody material in bag of crisps
8. Mould in meat pie
9. Sour tasting yoghurt

Following investigations appropriate letters were sent to retailers and manufacturers of the above foods.

Caravan Sites Control of Development Act 1960

During 1971 all the caravan sites in the area were regularly visited, and a substantial improvement in the general standard achieved, was noted.

There were 12 new site licences granted under the above Act.

Itinerant travellers continue to be a problem and several major "settlings" occurred. The close co-operation of the Police in this matter is particularly appreciated.

Pest Control

2,496 visits were made to survey and treat premises, where rats or mice had been seen and reported to the department. Of this number 85 only were for mice. A further 600 treatments for insects were carried out by the Pest Control Officer.

A rat free area, Gunthorpe parish, was declared in 1971 and with the wholehearted support of the Parish Council and residents a considerable degree of success was achieved.

Petroleum (Regulations) Acts 1928 and 1936

Number of licences renewed in 1971	148
Number of Premises ceased storing temporarily	5
Number of Premises ceased storing permanently	11
Number of Licences transferred	4

71 premises were visited in connection with tank tests and new installations.

FOOD AND DRUGS ACT, 1955

201 other food premises were visited during the year.

Most of the deficiencies found were of a minor nature, although the recurrence of certain items was disturbing.

The new requirements of the Food Hygiene (General) Regulations 1970 were, in most cases, not fully complied with. Indeed few, if any, of the occupiers of the premises visited, were even aware of these latest regulations. The practicability of an educational campaign in this field is being studied.

Food and Drugs Act, 1955 Section 16

Ice Cream Premises - The total number of registered premises at the end of 1971 was 251. Four of these, were new registrations.

The Sampling under the above Act was carried out by the Nottinghamshire County Council, Weights and Measures Department.

Food and Drugs Act, 1955

Sampling under the above is carried out by the Nottinghamshire County Council. The following information has been supplied by T.L.E. Gregory, Esq., Chief Inspector.

Particulars of samples obtained by the Officers of the Department and examined and/or analysed under the above Act in the Rural District during the year ending 31st December, 1971.

One new licence was granted under the above Act and the total premises in the district licenced at the end of 1971 was ten.

HOUSING

During the year three areas containing 19 houses were declared Clearance Areas, and 60 houses were reported to Committee for action, as individual unfit dwellings.

421 visits were made to houses following enquiries and during promotional work, in connection with Improvement Grants. Following transfer of functions to this Department in July, 35 applications for Improvement Grant were received and 10 for Standard Grant.

161 applications were received for Qualification Certificates, and all the properties in question were visited and inspected.

DISTRICT INSPECTORS TOTAL VISITS 1971

Inspections during the year:-

Infant Mortality Rates

All Infants per 1,000 births	8.0
Legitimate infants per 1,000 legitimate live births	8.0
Illegitimate infants per 1,000 illegitimate live births	-
Neo-Natal (first four weeks) mortality rate per 1,000	
Live Births	8.0
Early Neo Natal mortality rate	8.0
Perinatal Mortality Rate (still births and deaths under	
1 week combined) per 1,000 total live and still births	19.0

MATERNAL MORTALITY

Nil

COMPARATIVE FIGURES

	<u>Newark Rural</u> <u>District</u>	<u>England and</u> <u>Wales</u>
Live Birth Rate per 1,000 population	15.1	16.0
Still Birth Rate per 1,000 total live and still births	11.0	12.0
Death Rate per 1,000 population	11.8	11.6
Infantile Mortality Rate (per 1,000 related live births	8.0	18.0
Neo-Natal Mortality Rate (per 1,000 live births)	8.0	12.0

NOTES ON VITAL STATISTICS

Population The Registrar General's estimated population increased by 60 making a new total population of 16,700.

Births 262 as compared with 305 in 1970.

The birth rate decreased by 2.5 as compared with 1970.

Birth Rates for the past 10 years:-

<u>Year</u>	<u>Birth Rate</u>	<u>Year</u>	<u>Birth Rate</u>
1962	21.9	1967	18.3
1963	18.1	1968	18.5
1964	19.7	1969	17.9
1965	19.2	1970	17.6
1966	17.7	1971	15.1

The Illegitimate birth figures for the past 10 years:-

<u>Year</u>	<u>Illegitimate Births</u>	<u>Year</u>	<u>Illegitimate Births</u>
1962	4	1967	16
1963	14	1968	14
1964	9	1969	18
1965	17	1970	21
1966	15	1971	13

The number of stillbirths was 3 compared with 5 in 1970.

INFANT MORTALITY

There were 2 infant deaths during the year as compared with 5 in 1970.

<u>Cause of Death</u>	<u>Under 1 week</u>	<u>1 week + to 4 weeks</u>	<u>4 weeks + to 1 year</u>
Prematurity	1	-	-
Congenital Defects	-	-	-
Other	1	-	-

POPULATION

The natural increase in population i.e., the number of births in excess of number of deaths, during the last ten years is shown in the following table.

<u>Year</u>	<u>Natural Increase</u>
1962	187
1963	134
1964	179
1965	178
1966	134
1967	187
1968	144
1969	159
1970	145
1971	60

INFECTIOUS DISEASE

There were 38 cases of infectious disease notified during the year.

Families without separate homes	179	212
Families with separate homes	291	388
Single persons	36	54
Householders residing outside the Rural District	244	173

Housing Progress

New Council Houses occupied	30	13
Re-lets of existing houses	103	100
Houses owned by Local Authority	1417	1368
Exchange of tenancies	20	7

Housing Statistics

Number of houses erected during the year:

By Local Authority	26	22
By Private Enterprise	102	93
Others	1	

Number of houses improved with the aid of a Grant

Discretionary Improvement Grants	19	17
Standard Improvement Grants	18	19

Water

The water supply has been generally satisfactory both in quality and quantity. No contamination of supplies has occurred within the area, bacteriological and chemical samples were taken during the year.

None of the supplies is likely to result in plumbo-solvent action.

A new feeder main was laid during the year from Hawton Lane to the junction of Wolfit Avenue and Main Street Balderton to improve complaints of low pressure during peak periods in that area.

COUNTY HEALTH CLINICS

The following information has been kindly supplied by the County Medical Officer, Nottinghamshire County Council:

County Health Clinics

Balderton	Bullpit Road	Thursday Weekly	9.30 to 12 noon and 2.00 to 4.30 p.m.
	(M.O. Monthly in the afternoon)		
Collingham	Memorial Hall	Wednesday fortnightly	2.00 to 4.30 p.m.
	(M.O. fortnightly)		
Farndon	Village Hall	Wednesday fortnightly	2.00 to 4.30 p.m.
	(M.O. Monthly)		2.00 to 4.30 p.m.
Coddington	Village Hall	Thursday fortnightly	2.00 to 4.30 p.m.
	(M.O. 6 weekly)		

CERVICAL CYTOLOGY

Weekly Sessions - County Health Clinic, The Friary, Appleton Gate, Newark
Tuesdays 6.00 p.m. to 7.30 p.m.

During 1971 1,067 women attended this Cytology Clinic

ANNUAL REPORT OF THE PUBLIC HEALTH INSPECTOR FOR THE YEAR 1971

1. Inspection of dwellinghouses during the year 1971
 - (1) (a) Number of dwellinghouses inspected and recorded under Housing Consolidated Regulations 21
2. Proceedings under Section 16 of the Housing Act, 1957
 - (1) Number of dwellinghouses in respect of which notices were served 21
 - (2) Number of dwellinghouses in respect of which demolition orders were made 22
 - (3) Number of dwellinghouses demolished in pursuance of demolition Orders 4
3. Proceedings under Section 42 of the Housing Act, 1957
 - (1) Number of dwellinghouses demolished in pursuance of clearance orders 3

Public Cleansing

There was no change in the weekly collection, or in the weekly special collection on request.

The installation of a Refuse Pulveriser on behalf of the Borough and the Rural District is progressing slowly.

Street Sweeping

There was no change in the mechanical street sweeping.

Inspection and Supervision of Food

Total weight of food condemned during the year - 1647 lbs.

Housing - Water Supplies

The position regarding houses with and without water supplies at the end of 1971, the latest figures available are set out below:

Northern Parishes:

	<u>Total Houses</u>	<u>Piped Supply</u> <u>With</u>	<u>Without</u>
